No. 138.

PIONEER GRAVEYARD

Will be the Name of the Old Cemetery on Sixth Avenue.

AUXILIARY COMMITTEE

Appointed to Assist in the Work of Reclaiming the Abandoned Spot.

The council committee for the improvement and preservation of the old graveyard at the foot of Sixth avenue, west, held its first formal meeting a day or two ago.

The committee consists of Council men John B. Galbreath and Geo. E. Randle and Mayor Meacham.

Recently five ladies were appointed as an auxiliary committee and at the meeting held for organization five other ladies were added to this committee:

Mrs. Alex G. Warfield,
Mrs. Henry D. Wallace,
Mrs. Green Henry Russell,
Miss Julia Arnold,
Miss Ellen Young,
Miss Katie McDaniel,
Miss Lucy Whitlock,
Mrs. S. A. Edmunds,
Mrs. Hampton Fox,
Mrs. Mary B. Campbell.

Most of the members of the auxiliary committee have accepted and all are enthusiastic in the work to which they will give their attention.

About four years ago the Kentuckian compiled a list of 167 names of persons buried in the old cemetery from 1812 to 1882. Only one body was buried there later than 1882, that of Dr. A. Webber, who was buried Dec. 23, 1873. In addition to the published list probably 20 others who were buried in the graveyard are known, their headstones having been entirely destroyed. All told about 200 names can be compiled and there are probably 50 more unmarked graves of unknown persons.

Very few of the headstones remain as they were originally. Many of them were native limestone slabs. Some have crumbled away, some have been broken, some have fallen flat and some that remain standing have had all lettering obliterated by the action of the elements. One headstone is almost surrounded by the trunk of a great elm tree three feet in diameter, that has grown up in the grave.

The committee has agreed that the name "Pioneer Graveyard" will be an appropriate one and it will probably be so named.

The committee will hold another meeting in the near future and perfect the plans for the contemplated improvements. It is expected that the central feature will be the erection of a suitable monument to the pioneers upon as large a scale as the money to be raised will justify. Walls will be laid out and graveled or concreted, trees will be set out and some kind of an enclosing wall or fence put around the lot, which contains about two acres. All of this work is to be taken up in detail and the preparation of the plans will be turned over largely to the ladies' auxiliary committee. This committee is expected to perfect its own organization shortly, elect a chairman and appoint sub-committees to devise ways and means for securing the funds needed.

The ground should be cleared of broken stones and the walls laid out this winter and the trees to be planted set out by spring and the erection of the monument should be begun early in the spring and its unveiling next summer should be made the occasion of a Hopkinsville Homecoming. Descendants of the pioneers whose graves are to be cared for should be invited to deliver addresses and the exercises to be held on the grounds made memorable in every way.

It is expected that the business

men will aid in the work and contributions will be asked of the directly interested in honoring the memory of the old settlers. The ladies will probably get up some entertainments and find other ways to augment the fund.

So far as known there are no records of lot ownership in the graveyard. The ground was given to the town by Bartholomew T. Wood, whose grave has been located but is unmarked by a headstone at this time. It still belongs to the city and when improved it will be put under the care of the sexton of Riverside Cemetery.

It has not been decided yet whether an attempt will be made to rebuild the box tombs, straighten up those that lean or replace those that have fallen. So few of them are in good condition that it may be decided to take down all of the present markers and require those who wish the graves of their ancestors to be definitely marked to place marble slabs as markers.

THE SITE NOT YET SELECTED

Five Lots Considered For Hopkinsville's New Government Building.

HOSPON LOT A FAVORITE

Beautiful Second Ave. Lot Exceeds Appropriation In Cost.

Richard Fourchy, the government representative, left Saturday after inspecting the various sites proposed for the Government building. The Hopson property on Main street, the Hotel Latham park, the residence sites of A. M. Wallis and Miss Bronaugh, used jointly; the Gish lot and the residence lots of C. W. Duckert, J. B. West and J. C. Quick used jointly, were all considered. The last named property exceeds the \$12,000 appropriation authorized, as there are three houses on the lots.

The Main street lot is by far the popular favorite, as the lot is beautifully situated and fronts a whole square, but the Latham site is a strong factor in the matter.

Mr. Fourchy has returned to Kansas City and will not make a decision in the matter for a week or two.

DADE-SANDALL

Popular Drummer Weds a Georgia Belle.

Mr. Lucian Dade, a young traveling man for a Cleveland, O., house, a son of Mr. Chas. L. Dade, of this county, was married yesterday to a popular Southern belle at Beaumont, Texas. The bride was Miss Willie Sandall, of Georgia, who was on a visit to her uncle, Judge W. L. Duff. Mr. Dade is one of the group of fine young men Hopkinsville has sent out to achieve success in other states. His many friends here will wish him much happiness.

Wood's Liver Medicine is in liquid form for malaria, chills and fever, regulates the liver, kidneys and bladder, brings quick relief to biliousness, sick headache, constipation. Pleasant to take. The \$1.00 bottle contains 24 times the quantity of the 50c size. First dose brings relief. Its tonic effects felt at once. Sold by Anderson-Fowler Drug Co., Incorporated.

PAUL WINN OUT TO WIN

Running Like a Reindeer In The Louisville Post's Prize Contest.

CONTEST ENDS SOON.

Has Many Friends Who Hope to See Him Head The List.

The Louisville Post has on hand a hot contest for a number of prizes ranging from a \$4,500 house and lot down to a trip to Cuba. In sub-district No. 2 Paul Winn, the young coal merchant of this city, is one of the leading candidates and the man who beats him will have to get up and hustle. He entered late but is making rapid strides toward success. The contest will close on November 28.

Mr. Winn has many friends here and in other places who are interested in his race and the energy he is putting into it will make him live up to his name. His friends are requested to leave votes for him at the Anderson-Fowler Drug Co.'s store, where subscriptions for the Post are taken.

Any assistance given him will be appreciated.

A WHOLESALE TOBACCO DEAL

Three and a Half Million Pounds of the New Crop.

AMERICAN TOBACCO CO.

Takes Over 3,200,000 Pounds of the Bowling Green Growers' Association.

Owensboro, Ky., Nov. 16.—J. C. Englehardt, manager of the American Tobacco Company, in Owensboro, announces that the Bowling Green Tobacco Growers' Association had sold to the American Tobacco Company 3,500,000 pounds of air-cured tobacco of the 1908 crop to be delivered at Bowling Green, Smith's Grove and Glasgow, Ky. The prices to be paid are as follows:

Grade No. 1, leaf and lugs, \$9; trash \$3.
Grade No. 2, leaf and lugs, \$8; trash \$3.
Grade No. 3, leaf and lugs, \$7; trash \$3.
Grade No. 4, leaf and lugs, \$7; trash \$3.
Grade No. 5, leaf and lugs, \$6; trash \$3.

This tobacco was sold under the same form of contract that has been in use in the Green River section for the past two seasons, and the tobacco will be graded and received by the graders appointed by the association. This is the first crop handled this way in Southern Kentucky.

The Bowling Green Association has pooled about five or six million pounds of tobacco, and has practically concluded arrangements to dispose of the balance of their crop to the American Tobacco Company under the same conditions.

A CLEAN SHOW WELL COSTUMED AND FULL OF RAPID ACTION.

FRANCIS GRAY, Soprano

With Zinn's Musical Comedy Co., at Holland's Opera House, Three Nights, Starting November 19.

Of the Zinn Musical Company which appears at Holland's Opera House Nov. 19, for a three night's engagement, the Butte, Montana, Miner says:

The Lulu theater made a genuine hit indeed, with its musical comedy, which went on yesterday at the house for a run the length of which will be determined by the patrons' appreciation.

"Teazy weazy," the name of the show which the Zinn Musical Comedy company has put on this week, has

was generous from a large sized audience.

It is surprising that a popular priced company can be so large and can offer the diversity of costume that the Zinn company does. Everything is absolutely new. There is nothing frayed about the aggregation.

The chorus is composed of girls young, graceful and pretty, with strong voices. They sing infinitely better than most of the more pretentious offerings of the big circuit.

not much bearing on the show. It might as well have been called anything else.

The show is clean, well costumed and full of rapid action. The principals can sing and the funny men are funny. There are a few solos which would do credit to some Broadway offerings. The chorus is full of dash and life.

This offering seemed to meet with general appreciation, and applause

The show is in two acts like the regular musical comedy, and two leading men, West and Athon, possess genuine merit as comedians. Fred Lancaster and Celia Mavis can both sing and during the performance render several extremely creditable solos.

Zinn's company should be good for a long run at the Lulu, as it is giving a high class show, which cannot fail to please.

How Girls Walk.

Between their short skirts and their smart pumps the feet of the average young woman are extremely conspicuous just now, and passing glances at them reveal the fact that most girls and women do not know how to walk properly. Ninety-nine out of a hundred of them place the heel on the ground first, a trick that is not only tiresome, but extremely ungraceful.

AIRSHIP GARAGE ON A ROOF.

Owner of New House in Paris Ready For Expected Air Vehicles.

Paris is taking time by the forelock. M. Gustave Morin, owner of a large house on the Boulevard Haussmann, has arranged a roof garden with every facility as a station and garage for aeroplanes, says a Paris cable dispatch. All the new leases in the building contain a clause for the consent of the tenants to the innovation.

M. Morin says the day of aerial vehicles is here, but that there is no place in Paris for them to land. There is, he says, too much traffic in the streets and the public places are blocked with monuments, so he is glad to be the first to remedy the difficulty and encourage progress. He envisages projecting over the roof from the support of a large shed, with a second movable roof, which can be opened on the approach of the flying machine. There is also space in the building for a tool shop and a reservoir of gasoline.

M. Morin has sent invitations to Wilbur Wright and Santos-Dumont to inspect the first structure of this kind ever built.

ACT QUICKLY.

Delay Has Been Dangerous In Hopkinsville.

Do the right thing at the right time.

Act quickly in times of danger. Backache is kidney danger.

Doan's Kidney Pills act quick.

Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. F. M. Hall, Cadiz, Ky., says: "I used Doan's Kidney Pills and was pleased with the result derived. For six years my kidneys did not do their work properly. I had severe pains in the small of my back and whenever I stooped or lifted, sharp twinges would cause me great misery. At night my back ached considerably and mornings when first arising, would be very lame. I became tired easily and became very dull and languid. Dizzy spells also caused me much annoyance and at times blurred my eyesight. The passages of the kidney secretions were too frequent and at times I was forced to rise during the night on this account. Whenever I caught cold, it settled on my kidneys and caused me to suffer more intensely. I recently procured Doan's Kidney Pills and although I have used but the contents of one box, I have received great relief. I can recommend Doan's Kidney Pills as a remedy that is up to representations."

Plenty more proof like this from Hopkinsville people. Call at L. A. Johnson & Co.'s drug store and ask what their customers report.

PLAN TO HUNT DESERTERS.

Lead of Illustrated Circulars Sent to Each Police Chief.

A new system of tracing deserters from the United States army, which causes mail carriers in all parts of the United States to grope under the burden of franked "literature," has been adopted. Every police chief in the country now receives bundles of a hundred circulars each containing pictures of each man who has deserted.

Twenty-four such bundles, on the average, are received by Chief Shippy of Chicago each day. At first the mail carrier attempted to deliver them, but now a wagon brings them.

Each circular offers a reward of \$50 for the arrest of the deserter and gives a description of him, his relatives' addresses and a copy of the law on mak-

ing arrests. Heretofore, Lackey, who enlisted in the Seventh cavalry May 1 and is alleged to have deserted at Fort Riley, Kan., Sept. 30 and whose father lives at 517 Cook street, Springfield, Ill., is the only Illinois man so far.

Formerly the war department contented itself with sending to the police a list of the names and home addresses of deserters.

Johnnie's Position.

"Yes," began Mr. Peters, Sr., "John Peters, Jr., has quit school and has accepted a position in Davis' general store."

"Indeed!" commented the summer visitor. "What are his duties?"

"He is superintendent of the cracker and cheese department," replied Mr. Peters, Sr., with guarded satisfaction. "He has the entire charge of wrapping up the cheese."—Youth's Companion.

AFRICAN HUNTING LICENSE.

President Roosevelt May Kill All Lions and Leopards He Wishes.

President Roosevelt not having signified his intention of asking special privileges for his hunting trip in British East Africa through diplomatic channels, it is supposed that he will take out an ordinary fifty pound license from the colonial office, says a London cable dispatch. Even this, however, has not yet been applied for, although it is always usual to solicit such licenses several months in advance.

Under them each hunter is limited to sixty animals, except in the case of lions, leopards and crocodiles, of which he may shoot as many as he wishes. As set forth in the new license, the president may kill "two elephants, two rhinoceros, ten hippopotami, twenty-one antelopes, two wild

tauros, two earth hogs, two earth wolves, ten chevrotains, two monkeys, two marabou storks, two ostriches, two aigrets and one chimpanzee." Game, wild asses, secretary birds and a number of other species are forbidden to any hunter not endowed with special privileges.

President Roosevelt will be required to set forth in his application writing the animals he intends to kill as well as the locality where he will hunt. Before leaving Africa he will be required to declare what animals and how many he has shot.

One of the organizers of the trip, an American interested in the development of Nairobi, said recently that he for diplomatic privileges, but he had an idea that a unique special license would be presented to him.

The president will be delighted," said this man, "when he hears that he can shoot any kind of game he wants literally from the car windows. I have seen droves of buffaloes and dozens of lions and tigers wandering in the woods while the railway to Nairobi was being built. They would rush up to the very rails to see what was going on and then would take to their heels. "Now they are getting very timid, but I think President Roosevelt will have every bit of sport he expects."

A Piece of Coral.

The two men had not met for years. The man from out of town looked the other man over.

"Same old Jim," he said. "Awfully glad to see you again. Strange how such old friends will drift apart. So you're married?"

The other man nodded.

"Three years ago."

"Well, well! And I never heard of it until I met Jack Ransin last week. What's that?"

He was still studying the other man's appearance, and his eye caught sight of a segment of coral that dangled from his friend's watch fob. He lifted it and looked at it more closely. The surface of the coral was roughened by slight indentations.

"Some sort of token, eh?" he rattled on. "You always was a great chap for picking up worthless trifles. That's a queer charm." He looked up and caught sight of the other man's face.

"Why, I beg your pardon, Jim?" he cried.

"That's all right," said the other man a little unsteadily. "Only, you see, the boy—whose teeth made those marks—he was nearly two—died—last summer."—Cleveland Plain Dealer.

A Tragic Coincidence.

In 1893 a German predicted that he would be a victim of a war that would take place in 1893. The war occurred, but did not affect him. One day forty-two years later he was laughing at one of his old time prophecies and boasting of his good health. In this happy mood he bought an old cottage from a friend and straightway went to inspect it. In the garden there was a quantity of old iron and among it a shell dating from 1893. He picked it up and was examining it when it exploded, and he was killed on the spot. The prophecy had come true.—Bielefeld Zeitung.

CHOICE BARGAINS!

Some Fine Offers in Farm Lands and Town Lots.

505 acres, 10 miles south of town, on the Clarksville pike, and close to R. R. station on the I. C. road, near school house, and with all modern improvements. This is as fine a body of land as you can find anywhere, and produces large quantities of wheat, corn, hay and tobacco. Has 40 to 50 acres fine timber, 4 tobacco barns, 1 large stock barn, 1 hay shed, 8 cabins, windmill and tank, and all improvements necessary to a first class farm. If you are looking for something extra at a bargain don't fail to see this place.

222 acres, 2 miles south of Garrettsburg—100 acres of this is in timber, containing a lot of red and white oak and poplar, 2-story brick dwelling, 2 tobacco barns, 1 stable, 4 cabins, and other necessary improvements. This place is offered at a real bargain.

200 acres, near Pembroke, rich land and well improved. Runs right up to within 1/2-mile of the best little town on earth.

211 acres, 5 miles south of town, improvements good, and everything in good shape. An opportunity you cannot afford to miss.

261 acres—only 2 miles from town on the Russellville pike. This farm can be bought cheap, and is an ideal location, and a highly productive place, with good improvements.

309 acres near Bell, Ky. This is a well improved farm, and just what you are looking for. Splendid dwelling, good stable and large tobacco barns and all other out buildings. 40 acres good timber, balance in a high state of cultivation.

18 acres just outside the corporate limits of Hopkinsville, splendid house and all necessary out buildings. Just the very best place you know of to raise chickens and run a garden and fruit farm.

We have some very desirable homes for sale on the best residence streets in the city and at real bargain figures.

A right new modern cottage for sale or rent on 13th street, in the old Sharp addition.

Another one at a bargain on West 18th St. Also some desirable building lots in different parts of the city at ridiculously low prices.

Call and see us if you are interested in a good home, either in the city or country. Now is the time to buy good property at prices that appeal to your pocket-book.

If you are looking for a good established business, well located, we have got just what you are looking for, and at the right price.

Deafness Cannot be Cured

by local applications, as they cannot reach
the diseased portion of the ear. There is only one
way to cure deafness, and that is by restor-
ing the inflamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed you have a running sound or
imperfect hearing, and when it is
entirely closed, deafness is the result, and
unless the inflammation can be taken out and
this tube restored to its normal condition, hearing
will be destroyed forever. Nine cases out of
ten are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.

LEG BROKEN

Bad Accident to McLean Col-

The McLean College football team
played the Chess Club team of Paducah
Saturday, which resulted in a
tie—5 to 5. The contest was close
and strong and several of the local
boys were more or less injured. D. A.
Meacham, a son of Mr. R. M. Meacham,
McLean's left guard, had both
bones of his right leg broken while
tackling Slichts, of Paducah. The
young man was attended to by Paducah

Sunday. Cooke took Meacham's

went on until darkness ended it.

An Overdose of M. O.

Wheeling, W. Va., has gone more
deeply into municipal ownership than
most cities of this country, owing, as
it does, its own water, gas and electric
plants. These plants have all been al-
lowed to run down until they are des-
perately in need of repairs, and no
fund has been set aside to balance this
depreciation. Now the city finds that
there is no ready market for its bonds,
and as a result things are going from
bad to worse until the people are
forced to turn again to private enter-
prise, as shown by the following para-
graph in the Municipal Journal and
Engineer:

"Well cities are finding a fruitful
field in Wheeling at the present time
as the result of the commendable ef-
forts of public spirited men and wom-
en of the various wards. Physicians
believe that the advent of so many
wells will materially reduce the num-
ber of fever cases resulting from Ohio
river water. The drilling of wells is
paid for by subscriptions pledged by
residents in the neighborhood."

The cost of the wells will not show
in the report of the water department.

The Soulless Corporation.

Here is another example of the soul-
less gas corporation. Mankato, Minn.,
has been suffering sorely through and
by an epidemic of typhoid fever. To
add to the discomfort of the patient
the weather temperature was very high
during the worst of the fever outbreak.
To lend a helping effort Mr. R. E.
Brown, general manager of the Mankato
Gas and Electric Light company, caused
the following notice to be pub-
lished throughout the city:

"The Mankato Gas and Electric com-
pany will gladly install an electric fan
for any one who is seriously sick dur-
ing the present epidemic without any
charge at all, providing the party is
within reach of our current. Advise us
through your attending physician."—
American Gas Light Journal.

A Municipal Brewery.

The Vienna municipal brewery, in
which a sum of \$400,000 has been in-
vested, last year showed a loss of \$18-
94. In the present year, however, a
loss of \$19,000 was incurred, so that
the actual deficit for 1907 was propor-
tionately greater, although the output
and sales of beer had increased. In
1907 some 2,750,000 gallons of beer
were brewed. Not only was too much
money paid for the building and equip-
ment in the first place, but the man-
agement has been very stupidly con-
ducted. Instead of appointing as man-
ager an expert brewer the council put
a municipal official in charge. As a
result there was loss in all sorts of
ways.—London Standard.

As Was to Be Expected.

Five years ago London took over its
waterworks, with the result that wa-
ter rates have increased rather than
diminished. Referring to the operat-
ing expenses, Sir Melville Beachcroft,
chairman of the water board, recently
said:

"So far it must be admitted that no
saving had been effected. I do not
think that it is even anticipated that
there would be any saving in the ex-
penses of administration, as the man-
agement of a trading concern by a
municipal body must always involve
expenditure quite outside that which
falls on a private company."

Where It Pinches.

"Disgraceful!—On the London
Daily Express: 'For years past I have
always paid at the rate of 21 shillings
per annum for water under the New
River company, but now I have just
received a demand note from the Met-
ropolitan water board for water at the
rate of 24 shillings per annum. This is
the benefit (?) we get for doing
away with private enterprise and, I
consider, a fair specimen of state traf-
ficking.'"

At a meeting called by the board of
trade of Anderson, N. J., and attended
by about 150 citizens the proposition to
install a municipal waterworks was
overwhelmingly defeated.

"An elephant must be a pretty ex-
pensive animal."

"Yes, I wish I had enough money
to buy one."

"Why do you want an elephant?"
"I don't want an elephant at all, I
merely expressed a wish for the
money."—Exchange.

LYON FARMERS

RAISE PROTEST

Object to Methods Employed
By the Planters Protec-
tive Association.

WANT IMMEDIATE SALE

Hold Mass Meeting and In-
troduce Resolutions of
Protest.

Eddyville, Ky., Nov. 16.—About
500 farmers of Lyon county met in
Kuttawa and Lamasco, and passed
a set of resolutions in connection
with the Planters' Protective Asso-
ciation, the organization in which
they have all pooled their tobacco
crops. The meeting was called to
protest against the manner in which
the pooled tobacco in the association
is being handled.

Hugh Lyon, the precinct chairman
of the Lyon county branch of the as-
sociation, was one of the principal
figures of the mass-meeting, which
was called to consider the advisabil-
ity of the farmers of Lyon county
signing the pooling contracts for an-
other three years.

HAVE MANY COMPLAINTS.

It is understood that members of
the association in several adjoining
counties will take up the several
questions with the hope of agreeing
upon a policy that will enable the
growers to get their money sooner
and with less expense and loss to
their crops. The growers claim that
they can arrange to get an average
of 9 cents in cash upon the delivery
of their crops and that is what they
are fighting for.

In concluding the resolutions the
mass-meeting set forth in strong
language the position they would
take should the association fail to
redress the alleged wrongs and com-
plaints noted. They firmly resolve
as "white, free-born citizens never
to sign another obligation to the
present Planters' Protective Asso-
ciation." The resolutions are as fol-
lows:

PETITION THE OFFICERS.

"Resolved, first, That we respect-
fully petition President Felix G.
Ewing and the executive committee
of the Planters' Protective Association
of Kentucky, Tennessee and
Virginia to allow our county chair-
man and our committee to sell the
remainder of our 1907 crop of tobacco
for the best price obtainable be-
cause we have complied with our ob-
ligation to the association by deliv-
ering our 1907 crop of tobacco to
persons and places named by the as-
sociation, and when the prizes re-
ceived our 1907 crop of tobacco our
obligation to the association was filled.

"Resolved, second, That we find
some of our 1907 crop was prized
in a damaged condition, thereby de-
creasing the value of the tobacco
and preventing a sale of same at the
established association price.

"Resolved, third, That we feel that
the association has not dealt with us
as we were led to believe that it
would, because it hasn't sold our to-
bacco and some of our tobacco was
sold at a reduced price.

CAUSING DISSATISFACTION.

"Resolved, fourth, That because
our tobacco has not been sold is caus-
ing much dissatisfaction among our
people, for we need the money that
is involved in the remainder of our
1907 crop of tobacco to pay our taxes,
doctors' bills, etc., and we feel that
we are being imposed upon by not
having our tobacco sold or being al-
lowed to sell it ourselves.

"Resolved, fifth, That we respect-
fully petition President Felix G. Ewing
and the executive committee of the
Planters' Protective Association of
Kentucky, Tennessee and Virginia
to establish a fair and reasonable
price on our tobacco in three classes,
leaf, lugs and trash, and allow our
county chairman and committee to
sell our 1908 crop of tobacco loose,
and on these terms and conditions;

PLACES FOR 1908 CROP.

"That in consideration of a satis-
factory bond to the effect that any
man or men or company will buy all
our 1908 crop at the association
price, the county chairman and his
committee be allowed to employ a

grader for each receiving house in
the county, and when the farmer de-
livers his tobacco have his tobacco
graded at the receiving house; door;
pay the grader or allow the buyer to
reserve the grader's fee; pay the stor-
age house stockholders their per-
centage; pay the grader his percentage;
pay the association its 1 per cent.
commission as soon as the to-
bacco as soon as the tobacco is
weighed, whereby allowing the far-
mer saving of salesman's charges,
saving of insurance, saving of several
hands of tobacco that is now used
as types, saving of interest on any
money that may be advanced to him
under present methods; saving of
cost of breaking tobacco and saving
of cost of haulage or drayage; allow-
ing him the great advantage of re-
ceiving all his money at once and
where he delivers his tobacco. Also
allowing the buyer the privilege of
handling, grading and pricing his
tobacco to suit himself.

"Resolved, sixth, That we desire
to continue our membership in the
Planters' Protective Association, and
we desire to pay any reasonable
commission or the present per-
centage to maintain the association.

ENTITLED TO VOICE.

"Resolved, seventh, That we furnish
the land, the labor and the money to
produce our tobacco, and we feel, as
free and intelligent citizens, that we
are entitled to a voice in the manage-
ment of the business of any organi-
zation to which we belong.

"Resolved, eighth, That we desire
to work in harmony with each other
and with the Planters' Protective
Association for the profits and wel-
fare of all parties concerned.

"Resolved, ninth, That the present
method of handling our tobacco
by the association is not profitable
nor satisfactory to the farmers of
Lyon county, and we form and adopt
these resolutions because we want to
be benefited by them, and do not in-
tend to nor desire to do anything
detrimental to the welfare of the
association.

"Resolved, tenth, That unless
these resolutions or other methods
are adopted by which the tobacco in-
dustry will be more satisfactory and
profitable to the Lyon county farm-
ers we firmly resolve, as white,
free-born citizens, never to sign an-
other obligation to the present Plan-
ters' Protective Association."

DAUGHTERS OF CONFEDERACY

**Hold Interesting Meeting and
Elect Officers For Ensuing
Year.**

1909 TO BE BANNER YEAR

**State Convention Meets Here
in October and Preparations
to Begin at Once.**

The Christian County Chapter, Daughters of the Confederacy, held a meeting Saturday afternoon at Hotel Latham and elected the following officers for the ensuing year: President, Mrs. Chas. M. Meacham. First Vice President, Mrs. Mary B. Campbell. Second Vice President, Mrs. C. F. Jarrett. Third Vice President, Mrs. A. G. Warfield. Recording Secretary, Mrs. S. A. Edmunds. Corresponding Secretary, Mrs. Hunter Wood, Jr. Treasurer, Mrs. Gabe Payne. Registrar, Mrs. R. W. White. Auditor, Miss Fannie Bell Brown.

Historian, Mrs. L. M. Blakenore. Chaplain, Mrs. J. B. McKenzie. Vice Chaplain, Mrs. W. E. Warfield. The coming year is expected to be very busy ones as the State Convention meets here in October.

There are 118 members and it will be necessary for every one of them to co-operate in the year's work. The chapter hopes to make it the most successful year in its history.

BARNES BRIEFS.

**Two Meetings Closed and
Another to Begin.**

Barnes, Ky., Nov. 16.—Gathering corn is the order of the day down here at present. Early corn is very good, but that planted late is light.

Tobacco has not been in order since it was cured and no stripping has been done as yet.

Brother Page has closed a series of meetings of two weeks at New Barren Springs Baptist church, Dogwood. There was one convert.

Miss Vernie Powell, of Fruit Hill, is very ill.

Bro. H. C. Ford, of the Christian church, closed a two weeks' meeting at Dogwood, with two additions to the membership. He baptized three in the new baptistry of the church.

Mrs. Jennie Adams, of South Christian, attend-d the Ford meeting Saturday night and Sunday. Mrs. Adams was reared near this place. Mrs. Mollie Robinson and two daughters, Mrs. King and Miss Maud, also attended the Ford meeting.

Rev. B. F. Hyde will begin a series of meetings at New Barren Springs Baptist church Monday night after the fourth Sunday in this month.

COLD WAVE

**Very Severe For the Time of
Year.**

The recent rain was followed by a cold wave and many farmers took advantage of the low temperature and killed hogs. Only a few out of each pen were slaughtered, however, as the regular killing will not take place for some days yet.

The present cold wave is the severest experienced in this section in early November for ten or twelve years. The mercury registered 21 degrees below freezing, Friday night and 19 degrees Saturday night. Sunday night it registered 25 degrees.

To those afflicted with kidney and bladder trouble, backache, rheumatism, Pinules for the Kidneys bring relief in the first dose. Hundreds of people today testify to their remarkable healing and tonic properties. 30 days' trial \$1.00. They purify the blood. Sold by Anderson-Powder Drug Co., Incorporated.

HENEY WILL LIVE

**And His Assassin Takes His
Own Life In Prison.**

San Francisco, Cal., Nov. 16.—The condition of Francis J. Heney, who was shot in the court room on Friday by Morris Haas, is still most satisfactory and the attending surgeons report that he is making excellent progress on the road to recovery.

Haas committed suicide in his cell Friday night, with a pistol.

The suicide of Haas is the subject of much discussion and the police are engaged in trying to ascertain how he was able to have concealed the pistol with which he took his life after he had been thoroughly searched two or three times.

GAIN OF SIX

**All the Democrats Got in the
Winthrop.**

Washington, Nov. 16.—The temporary rollcall of the House of Representatives for the Sixty-first Congress has been completed and published. It presents a complete list of members of the new House and shows by unofficial returns, and gives the politics of all of them. According to this publication the next House will consist of 219 Republicans and 172 Democrats, a total of 391, as against a total of 389 in the House during the last session, of whom 223 were Republicans and 166 Democrats. The result is a net loss of four from the Republican side and a net gain of six on the Democratic side, the discrepancy being due to present vacancies. All told, the Democrats gained seventeen districts and the Republicans twelve.

'POSSUM HUNT

**In Honor of Hunter From
Mississippi.**

The society boys and girls of Pembroke were delightfully entertained at the hospitable home of Mr. and Mrs. L. L. Leavell with an opossum hunt Friday night, in honor of Miss Hattie Henry, of Shell Mound, Miss., the attractive niece of Mrs. Leavell. Those present were Misses Ruth Paine, Mary Madison, Bessie Anderson, Ethel Williams, Alice Anderson, Sarah Garnett, Ruth Knight, Hattie Henry and Messrs. Bryant Jones, Guy Dority, Robert Ackerman, George Lackey, Kenston Cross, Frank Hoge, A. C. Bates and Ralph Dority.

WON'T BE DUCHESS

**Miss Elkins Says She is Not
Engaged to Abruzzi.**

Washington, Nov. 16.—Senator Stephen B. Elkins last night made the emphatic announcement that no engagement exists between his daughter, Miss Katherine Elkins, and the Duke of the Abruzzi. The statement was made with the knowledge and consent of Miss Elkins, who desired that the statement should be given to the public, which has manifested so great an interest in the matter.

Cuba's New President.

The election of Gen. Jose Miguel Gomez, the Liberal candidate for President of Cuba, Saturday is considered practically certain, but the returns will be very slow. The polls were closed without disturbances. Advances from Santiago state that a Liberal victory is assured in Orient province. Perfect order prevailed throughout the day.

Rev. A. C. Cree, of Nashville, preached two sermons at the Baptist church Sunday, in the absence of the pastor, Dr. Jenkins, who is still in the Louisville revival, and preached Sunday at MacCauley's Theatre. Dr. Cree is a preacher of ability and addressed large and attentive congregations at both services.

Teachers' Salaries.

Salaries of teachers of the country schools for the past month were due last Saturday and the day was a busy one for Sept. Gray, as nearly all of the teachers were on hand to receive their checks.

CHARRED BONES

FOUND IN DEBRIS

**All That Remained Of a Man
Supposed to Be Albert
Johnson.**

WAS ALONE IN CABIN.

**Fatal Fire On the Farm of
C. A. Brasher, Near
Casky.**

In the early hours of Sunday morning a cabin occupied by Albert Johnson, a colored tenant, was burned on the farm of C. A. Brasher, near Casky, and there seems hardly a doubt that Johnson perished in the flames. He is missing and the charred bones of an adult human being have been found in the ashes and identified as such by Drs. R. L. Woodard and J. B. Jackson.

Johnson and his wife attended a dance at Masonville Saturday night and Johnson left after midnight in company with Cornelius Merriweather. His wife remained at Masonville until Sunday morning.

The supposition is that Johnson went home and made up a big fire and soon fell asleep and that he awoke too late to save himself from the burning building.

The bones were found in and around an iron washtub that was in the room. In the same tub were three silver dollars, a quarter and the clasp of a purse. The theory is that Johnson, blinded by smoke, fell over the tub where he fell, that he was sleeping in his clothes and the purse containing his money was in his pocket. At this writing Merriweather has not been heard from.

Johnson was a young man about 25 years old. He had his cabin burned last spring and the one lost this time had just been completed and occupied about 10 days ago. He had been a trusted hand of Mr. Brasher's for a year or more and was a sober, industrious negro.

DWELLING DESTROYED.

**Building Falling In When
Alarm Was Sounded.**

A frame residence on the corner of Avenue F and Mechanic street was destroyed by fire about 3 o'clock Sunday morning. The dwelling was owned by Lucy Whitlock, col. who is absent from the city. A colored boy was sleeping in the house and was aroused by the roof falling in. He escaped from the burning building by jumping through a window and was badly cut by the glass.

The fire department was called out but the building had practically been consumed before the alarm was turned in. The loss is probably \$300.

SALES WERE SMALL.

**Some New Tobacco Being
Received at Prize Houses.**

Last week was a rather dull one in local tobacco circles, the total sales for the week amounting to only sixteen hogsheads. These were disposed of at regular prices. The demand for the weed was light and as a result the sales were the smallest for some time. Now that the contracts for pricing have been allotted it is expected that the new crop of tobacco will begin to move. The first crop of the year was delivered to one of the pricing houses Saturday.

We Are Ready to Welcome You

Our New Store

We'll welcome you in a new store but in the same location as of old, under a new name, but under the same management which has made us so successful in the past, and we'll welcome you in a store that for size and magnificence of its appointments has no equal in the state of Indiana.

We will have ready for your admiration and approval the broadest selections of merchandise ever gathered within the walls of any Evansville store.

Take this as the expression of our most cordial invitation to come. Come and see the Paris Gowns and Millinery; come and see too, how America's leading tailors and designers of women's apparel can match them in elegance and style. See the beautiful new fabrics and trimmings, the lingerie and the thousand other things for use and personal adornment, that we have assembled here, to make this the best store for you and all the people. Come and look around, enjoy the comforts and conveniences of this truly metropolitan store; compare if now with what it was, and you'll justify our pride in this magnificent new store.

We are not unmindful that you have a right to expect great things in values when you come, so we have prepared in each department attractions, which of themselves alone are worth a special journey to secure.

We refund fares to out of town customers according to the plan of the Evansville Retail Merchants' Rebate Association.

The Andres Co.

Moderation.

The moderation of fortunate people comes from the calm which good food, stock is stalled 300 days of the year, two gives to their tempers—La Roche-foucauld.

Saxon Cattle Stall-Fed.

In Saxony practically all of the live stock is stalled 300 days of the year, and the largest portion the fall 30 days.

Atrocious Pun.

Sign on the window of a New York east side bakery: "Look out for the dog." Underneath which a wag wrote in chalk: "And don't get the rabbi."
